## Books

The 14-year, miraculous history of The Coming King Foundation has been documented in Max's book: *The Garden – The Art Of Faith*. This 490-page, 8.5" x 11" illustrated saga is available in four forms, from \$8 to \$1,000. The Signed & Numbered Limited Edition includes an original pencil Remarque drawing by Max in the front of the book.

The Greiners started their fine art business in the spring of 1978. Max was 26 years-old at the time. The goal of the couple was to live in the woods, create meaningful artwork, own an Irish Setter and have a family one day. God answered those prayers.

To Max's surprise, in 1986, the Holy Spirit told the artist to create artwork that pointed people to Jesus Christ. Max disobeyed for two years. Finally, the artist yielded to God's unique call on his life.

Today, Greiner's art is collected in all 50 states and over 85 countries. It can be found in prestigious collections worldwide. Millions of people have viewed his work, which clearly lifts up Jesus Christ.

Max's original copyrighted and trademarked creations, from the smallest "Christian Butterfly"® 14k gold jewelry to his monumental sculptures, can be found in homes, offices, colleges, seminaries and ministries worldwide.

Thank you for prayerfully considering Greiner artwork for yourself, or as a blessing for someone else!
