# THE MOST SYMBOLIC CROSS IN THE WORLD...

By **The Coming King Foundation**

*“The Empty Cross”*™ is the most symbolic cross in the world. No other cross on the planet has more scriptural, Biblical symbolism in its design than the seven-story resurrection cross in Kerrville, Texas. The unique cross is featured in a garden with six other monumental sculptures that point to God. Because Jesus Christ is honored on this mountain in Texas the power of God is manifesting daily in amazing ways to thousands of people.

Over 2.5 million dollars worth of world-class art has been donated to the unfinished park by three internationally collected Christian artists, Beverly Paddleford of Lander, WY, David Broussard of Dallas, TX and Max Greiner, Jr. of Kerrville Texas. Max and his wife Sherry founded **The Coming King Foundation** in 2004 to bring glory to God and to bless visitors who come to **The Coming King Sculpture Prayer Garden**. The organization was founded as a non-profit 501c3 art museum. However, the spiritual vision was supernaturally birthed on December 9, 2001.

People are coming to see the beautiful, monumental Christian artwork at the 23 acre private park, but they are also coming to experience the supernatural power of God. The unfinished garden was opened to the public in July of 2012 and is now open every day from 6:00 AM until midnight.

Thousands of people have been touched by the presence of God. Lives are being changed. Miracles, healings, signs and wonders are happening on the 1,930' mountain top over looking IH-10. During the 2013 four day Easter weekend, 1,474 pilgrims visited the spiritual garden. Hundreds experienced God's miracle working power.

## THE SYMBOLISM

*“The Empty Cross”*™ is the most symbolic cross in the world. All crosses everywhere, no matter how big or small, represent Jesus Christ and His resurrection. All crosses are a visual symbol provided by God for mankind to remember the ultimate sacrifice Jesus paid for each of us on the cross 2,000 years ago.

The Kerrville cross has this primary meaning, but it symbolizes much more: First, Jesus is ALIVE, He is not on the cross anymore. It is empty because He is risen. *“The Empty Cross”*™ sculpture makes the point that we serve a “living” Christ.

Jesus is described with a multitude of names, titles and metaphors in the Bible. Many of these can be found in *“The Empty Cross”*™. Jesus is the Strong Tower, the Mighty Fortress, the Narrow Gate, the Way, and the Door by which all must enter to find the one true God. Jesus Christ is the Light of the World, which shines through *“The Empty Cross”*™. His crimson shed blood made this possible.

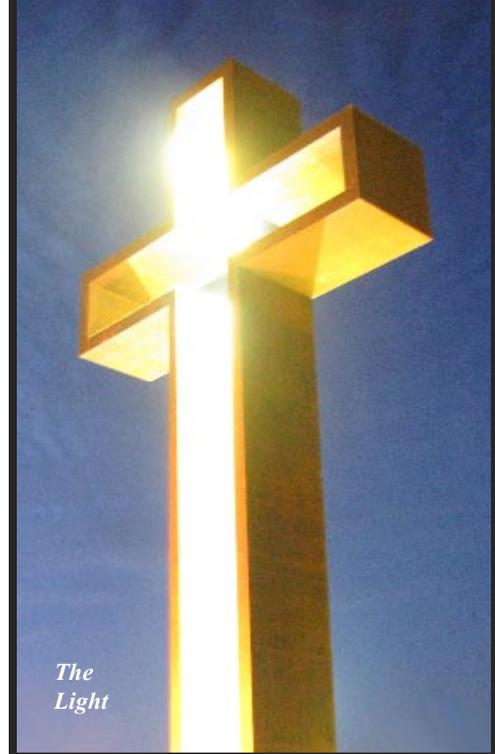

God sees mankind through an empty cross. Mankind can only find the true God by looking at an empty cross.

Biblical numbers and geometry are used on *“The Empty Cross”*™ sculpture in Kerrville. Seven is the most holy number. 777 is the Trinity of holy numbers, perfection in the Father, the Son and the Holy Spirit. The Kerrville cross is 77’7” tall. The center space of *“The Empty Cross”*™ is exactly 7’ wide. By God’s sovereignty, the seven story cross weighs approximately 70 tons, counting the steel in the foundation. 40 is another Biblical number. *“The Empty Cross”*™ cross-arm is exactly 40’ wide. The most holy place in both the Tabernacle of Moses and Jewish Temple was square and called “The Holy of Holies”. This is where the “Ark Of The Covenant” resided, the symbol of God’s power on earth. The footprint of *“The Empty Cross”*™ is a 10’ x 10’ square.

The cross of Jesus Christ is the New Testament version of the Old Testament “Holy of Holies” and the “Ark Of The Covenant”. This ark delivered God’s chosen people four thousand years ago. Before that another ark delivered God’s people – Noah’s Ark. Since the crucifixion of the Messiah, Jesus Christ, two thousand years ago, the wooden cross (ark) has delivered God’s chosen people.

In Kerrville, *“The Empty Cross”*™ stands on a hill inside a 300’ long cross-shaped garden. This garden represents the Inner Court of the Jewish Tabernacle. The original Hebrew Tabernacle was laid out in the shape of a cross by Moses. The 7’ wide center space of *“The Empty Cross”*™ symbolizes the Holy of Holies. The area beyond the Inner Court is the Outer Court of the Tabernacle, represented by the rest of the Kerrville garden property, which is the Promised Land.

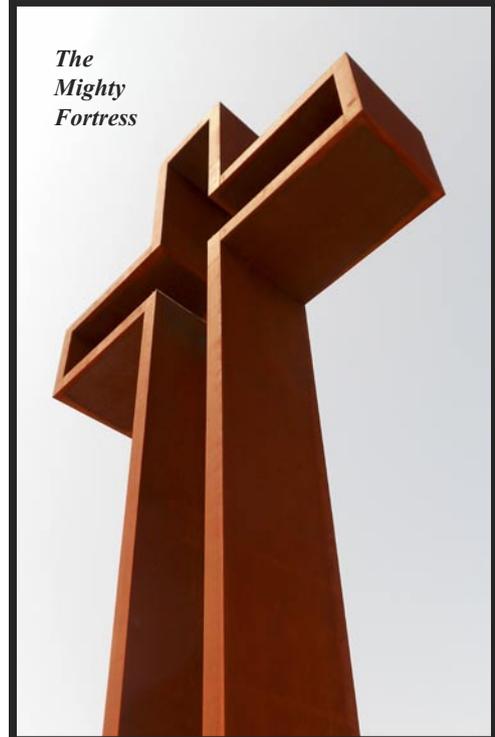

By the sovereignty of God, the total length of the cross-shaped Inner Court is exactly twice the length of the original Tabernacle of Moses, measured in Egyptian cubits. The 100-yard long cross-shaped garden perfectly fits the flat mountain top given to TCKF by the LORD in 2005. God used a \$500,000 donation miracle involving a “fleece” and almost a dozen wild hawks. The dramatic miracle was witnessed by 19 people and was videotaped.

The shape and length of the plateau determined the exact position of **"The Empty Cross"™**. By the sovereignty of God, the City of Kerrville is in the cross-hairs of the cross.

In addition, **The Coming King Sculpture Prayer Garden** is located at the same latitude as Israel and is approximately halfway between the Atlantic and Pacific Oceans, on IH-10.

The reddish-brown color of the Cor-ten steel used for **"The Empty Cross"™** symbolizes the shed blood of Christ. The Cor-ten steel of the cross was sandblasted, symbolically "scourged", before it was raised. As a result, the pores of the metal "skin" were opened and the metal was allowed to rust in a controlled manner, or "bleed", as it is referred to in the industry. Jesus was scourged before His crucifixion, which released His precious blood, before He was raised on the cross.

No other cross on the earth has more Biblical symbolism than **"The Empty Cross"™** in Kerrville, Texas.

### THE VISION

On December 9, 2001, Max and Sherry Greiner traveled to Cathedral Of Praise church in Austin, TX to hear a guest preacher from North Carolina, Dr. Mahesh Chavda.

In the middle of his sermon, Chavda turned to the Greiners, whom he had just met, and prophesied they would be involved in the restoration of the Tabernacle (Isa 2:2 & Am 9:11).

Then, on August 22, 2002, a stranger from Beaumont, TX, Marlon Quibodeaux, emailed the artist stating that God was calling him to create a 77'7" resurrection cross sculpture over IH-10. Greiner prayed about the prophetic word and to his surprise received an open vision. Greiner saw a 300' cross-shaped garden with his monumental sculptures in the points of the cross. He saw tourists reading the Gospel on Scripture Tiles in multiple languages, as they approached a giant hollow cross. Greiner saw cars lined up on an access road waiting to get in the garden.

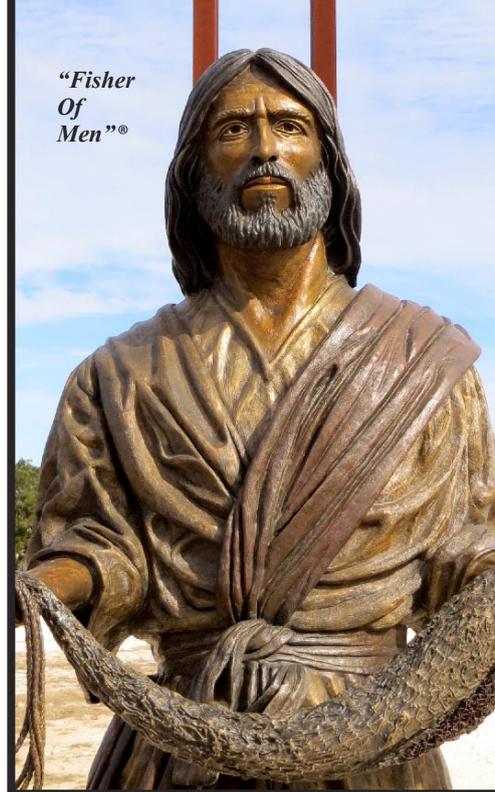

On December 3, 2003, God told Max that he would be given land on IH-10, at the main entrance of Kerrville. On September 16, 2005, 19 Prayer Intercessors gathered on the property and asked God for 23 acres and a million souls for Jesus. A 3" scorpion charged a 17" cedar cross Max planted in the ground. Then, almost a dozen Northern Harrier wild hawks began to hover overhead.

The next morning, after receiving the answer to his "fleece", Hershel Reid gave **The Coming King Foundation** \$500,000 to purchase the land. Reid had asked God to show him a hawk if his family was to buy the land for the garden!

## THE MIRACLES

Visible manifestations of angels are being photographed at the non-denominational Christian garden. Hundreds of amazing photographs have been taken near the cross which show angels ascending and descending in the form of round balls of light, called Angel Orbs. Thousands of years ago, the Jewish prophet Ezekiel described a type of angel that traveled with the Holy Spirit. It was round and looked like “wheels within wheels (Ez 1:15). Humanoid angel forms are also being photographed by visitors.

In addition, thousands of people have experienced the visible Shekinah Glory of God (Ex 34:29 & Isa 60:1) when they enter the “holy ground” garden property. The hands, faces and clothing of visitors are often sprinkled with a fine sparkling dust, which looks like golden glitter, or glitter makeup, as they pray in the name of Jesus Christ. The unknown supernatural substance has been tested by several major laboratories including **Texas A&M University**.

People are coming to the Texas Hill Country town from across Texas, the USA and the world. Located on IH-10 just 60 miles northwest of San Antonio, visitors have come from France, Canada, Mexico, Finland, Uganda, England, New Zealand, China, Nigeria, the Bahamas and the Philippines.

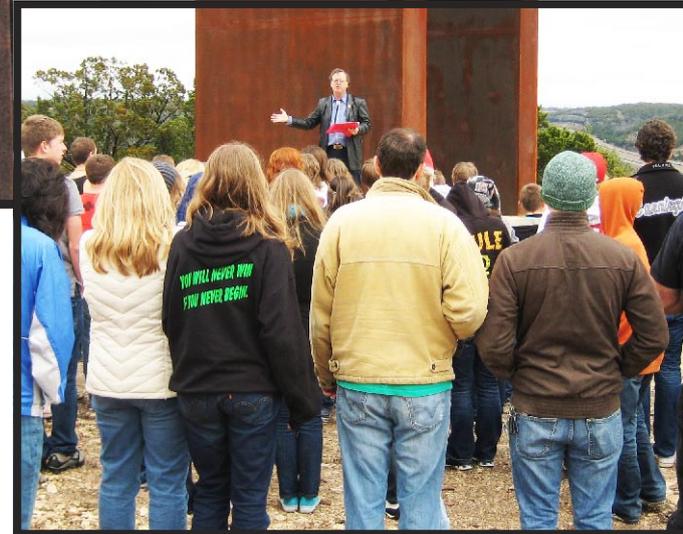

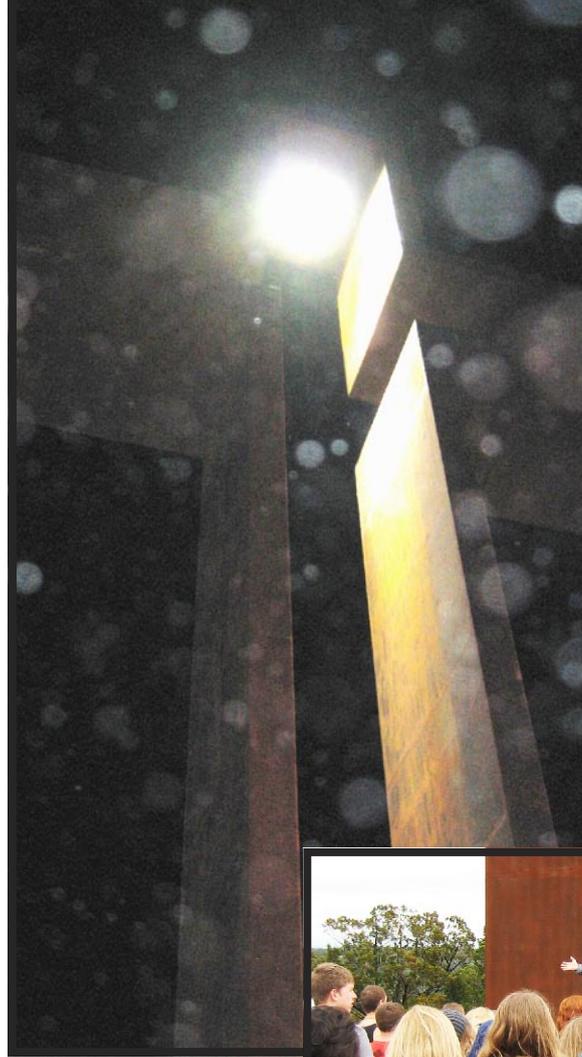

## THE PURPOSE

The purpose of **The Coming King Sculpture Prayer Garden** is to bring hope, peace, joy and salvation to people, while bringing glory and honor to Jesus Christ.

Throughout history, God has used supernatural miracles, signs and wonders to make His presence known. 2,000 years ago Jesus Christ used miracles to draw people to His Gospel message. The Bible says that God is the same yesterday, today and forever (Heb 13:8). Therefore, if He ever worked miracles He still does!

God is doing amazing miracles in these last days in Kerrville. Though not finished yet due to lack of funds, the Holy Spirit is manifesting His presence at the garden. Thousands of documented miracles, signs and wonders are occurring at the free, non-denominational Christian park. State, national and international TV, radio, internet and print media have covered the story for the last nine years.

People are being touched by God at the garden. The Gospel of Christ is being shared. People are being saved, baptized in the Spirit, physically and emotionally healed.
